- Habitat for Humanity of Bucks County's calendar can be found at <http://habitatbucks.org/calendar.php>.

From 2005-2008, Habitat for Humanity will build 36 affordable homes in Bucks County. Each home will require a commitment of 2000 volunteer hours and financial contributions averaging \$4,250 per day. Habitat relies strictly on the generosity and commitment of our neighbors and partner families to provide these resources.

Habitat for Humanity of Bucks County brings individuals, families and communities together to build affordable homes with those in need. We are a Christian ministry that calls on all people regardless of religious preference or cultural background to make safe, simple, affordable housing a matter of conscience and action in Bucks County.
