

# Tax Benefits for Your Business

**Habitat**  
for Humanity®  
of Bucks County

The Pennsylvania Neighborhood Assistance Program (NAP/SPP) offers **75% tax credit** for business contributions.

## How does it work?

Businesses provide a letter to Habitat Bucks with the amount they will contribute if our application is approved. If approved, your business will get a PA tax credit for 75% of the value of your contribution, which you'll have 5 years to use. If it's not approved, there is no obligation.

Deadline to participate is July 15, 2022.

## Who does it help?

Each year, our Home Repair Program helps 30+ local homeowners with limited means retain their independence and remain in their own homes. Your support fosters safer, livable homes and communities through affordable home improvement and repair projects.

## Who do I contact?
