Home builds independence...

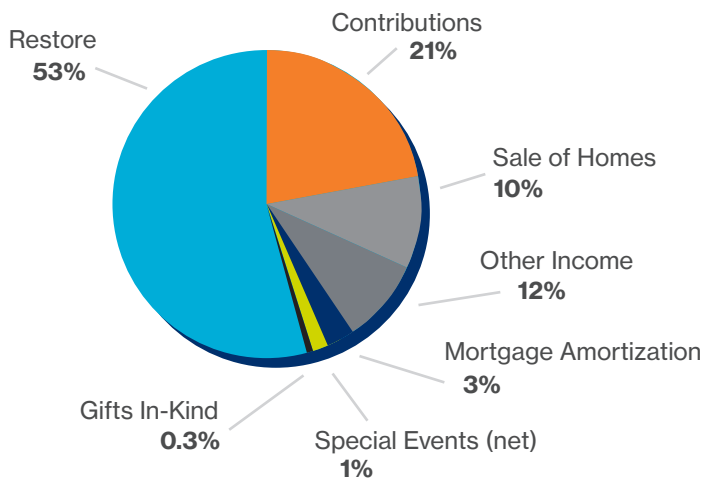

Bob and Jeannie spent 10 years raising their family of five in a house shared with other family. That can be difficult and lacking in quiet space for schoolwork and privacy. They longed for a home of their own and accomplished their dream of homeownership in December of 2020- just in time for the holidays.

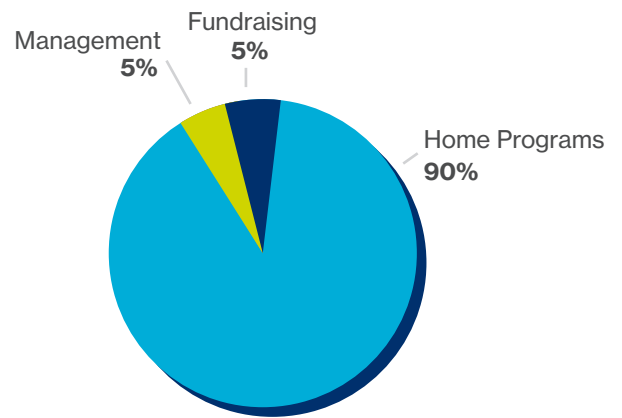

Home builds strength...

Sun and her children moved from apartment to apartment before signing up for Habitat's Almost Home financial literacy program. She learned how to build her credit score, and budgeting all with the help of a coach. She is now the proud owner of her own home in Bristol. This was a dream come true.
