Mamie's steps were crumbling and unsafe. Her new steps are sturdy and equipped with handrails for added stability, support and peace of mind.

"Without these low cost repairs many of these homeowners may not have been able to stay in place safely. This certainly meets an objective of our foundation and we are happy to continue to support the program."

Within months of buying her first home, Jessica faced a string of unexpected crises. Her roof began leaking, the heater failed, and flooding damaged her daughter's bedroom and their main living space. Thanks to our home repair program, Jessica and her family now have a safe, warm, and dry home where they can continue to grow and thrive.
